Colorado Secretary of State

Donetta Davidson

**Student Election
Judges Program**

***Giving Students the
Opportunity to***

Learn and Earn!

A note to our future voters

Events over the last year have certainly made people more aware of the freedoms we are fortunate to have in the United States. People have expressed a more passionate interest in the future of the world and in particular their community. As a result, the Student Elections Program has become of greater interest to our high school Juniors and Seniors.

This is the second election year for the Student Election Judges Program. Election Judges are needed at every election to assist voters at the polls and to help process ballots. This exciting opportunity provides students the chance to learn about democracy by participating in the process at the most important level.

As the Chief Election Officer for the State of Colorado, I realize how important the voting process is to democracy. I am pleased to share my commitment to freedom with you, our future voters.

Donetta
